## OBJECTIVE

---

Computer Science student specializing in full-stack MERN development. Skilled in building secure and responsive applications with authentication, data visualization, and building scalable backends. Eager to contribute technical expertise to build impactful solutions in a challenging web development role, while continuously learning and growing in a collaborative environment.

## EDUCATION

---

Shri Vaishnav Vidyapeeth Vishwavidyalaya | Indore, India | 2022-26

Bachelor of Technology, Computer Science Engineering | CGPA: 8.27

Shree Sharda Higher Secondary School | Barnagar, India | 2021-22

Higher Secondary (XII), State Board | Percentage: 90.2%

Shree Sharda Higher Secondary School | Barnagar, India | 2019-20

Secondary (X), State Board | Percentage: 96.3%

## SKILLS

---

- **Languages:** Java, JavaScript
- **Frontend:** React.js, HTML, CSS, Tailwind CSS
- **Backend:** Node.js, Express.js, MongoDB
- **Tools & Technologies:** Git, VS Code

## PROJECTS

---

**Personal Finance Tracker Web App** | [Live Demo](#)

**Technology Stack:** React.js, Node.js, Express.js, Tailwind CSS, MongoDB

- Built a secure full-stack finance tracker with JWT authentication for user login and secure user interaction.
- Designed dashboards using Bar, Pie, and Line charts for income/expense visualization.
- Implemented category-based tracking, Excel export, and a responsive UI.

**AI-Powered Interview Preparation Platform**

**Technology Stack:** React.js, Node.js, Express.js, Tailwind CSS, MongoDB

- Developed a full-stack platform with JWT authentication for user login and session management.
- Integrated Gemini API for AI-generated Q&A with dynamic explanations.
- Implemented question pinning, MongoDB-based session storage, and a clean Tailwind UI.

## CERTIFICATIONS

---

- Programming in Java (NPTEL)
- Database Management System (NPTEL)
- Soft Skills Development (NPTEL)

## EXTRA-CURRICULAR ACTIVITIES

---

- Participated in Flipkart Grid 6.0, a national engineering and problem-solving challenge.
- Collaborated in team project to design web application and improve problem-solving abilities.
